IMPORTANT TO HUNTERS:

Your taxidermist has no control over any trophy prior to their receiving it, for mounting or tanning. Many factors may effect the results, such as condition of skin, time of year and the care given to the trophy when it was killed. Occasionally, a skin will not mount or tan; or, comes apart in the tanning process due to improper handling or some defect in the skin for which your taxidermist cannot be held responsible. Hides should be properly cared for, from the beginning. **RHODES BROS, has a cooler available and we are on call 24 hours, (830) 896-6996.** If you have any questions concerning your trophy or our services, call us.
